**Any Rifle, Any Sight is allowed.**

*Modification: The Match Director may modify this program to meet shooters needs or match completion.*

#### Course of Fire:

Sighters: We expect to have a limited sighting period at beginning of the match. Please have good a good zero on your rifle if at all possible.

40 Shot Match: 40 shots for record, fired 10 shots, standing, at four animals

Stage 1: 10 Chickens at 40 meters (43.75yds)

Stage 2: 10 Pigs at 60 meters (65.62yds)

Stage 3: 10 Turkeys at 77 meters (84.21yds)

Stage 4: 10 Rams at 100 meters (109.36yds)

Each stage of the course of fire is divided into two 5 shot strings.

We have 8 backs of targets, competitors will fire together, shoulder to shoulder, shooting at their assigned target bank.

The shooters are directed to the line and when ready Command is

“LISTO” (“Ready”) for a 15 Second Ready Period. Load a magazine or round.

On Command “FUEGO” (“Fire”) you begin firing and have 2 ½ minutes to shoot 5 shots.

Shoot your animals in order starting, with the left most animal, on the bottom row. When finished firing, lay your rifle on the bench, safe and unloaded, muzzle down range.

As time expires, Command is “ALTO FUEGO” (Cease Fire”). Do not fire again. Make your rifle safe, and lay it on the bench, muzzle down range.

Second String: 15 second “LISTO” period, “FUEGO” 2 ½ minutes to shoot the second set of animals top row, in order from left to right.

As time expires, Command is “ALTO FUEGO” (Cease Fire”). Do not fire again. Make your rifle safe, insert safety flag and lay it on the bench, muzzle down range.

As directed, the firing line will be made safe and targets will be reset

Upon Command, as Relays dictate, Competitors will move equipment to the right and shoot the next bank of targets.

**Scoring and Target Setting:** Competitors are required to score and will reset and paint targets as directed between each stage.

**Safety:**

**Safety Flags are required to be placed in your rifle chamber.**

**Eye and ear protection is mandatory on the firing line.**

**Lead is bad, wash your hands and follow lead safety exposure protocol.**

**Anyone can call a “Cease Fire” for any reason.**

**Upon hearing that command, unload, show clear, insert safety flag and bench your rifle.**

**Questions? Please direct all questions to the match director.**

**We look forward to shooting with you! Thanks**
