Shooters can not pick the first sighter for record and discard the second sighter for record.
- Pair Fire:** Pair firing will be used - two competitors on the firing point. Competitor A is on the right and Competitor B is on the left. Competitors have 45 seconds to fire a shot after the previous competitor has shot. After competitor A fires a shot, competitor B verbally scores the shot. Competitor A must verbally acknowledge the score before competitor B fires. Competitor B then fires a shot within 45 seconds. Competitor A then verbally scores for Competitor B. Competitor B must verbally acknowledge the score before competitor A fires again. This alternating will continue until each

competitor has completed the required number of shots in that string or match. If one any competitor cannot be paired, they may not fire faster than a paired competitor adjacent to their firing point.

Match A: two convertible sighting shots and 20 shots for record prone pair fire at 1000 yards.

Match B: two convertible sighting shots and 20 shots for record prone pair fire at 1000 yards.

Match C: Will consist of an aggregate of the two matches above.

Note: F-Class shooters will fire the same course as the Prone Long-Range shooters, only they will use the F-Class targets and will fire either F-TR, F-Open or F-Club with a Long-Range classification against other F-Class shooters only, and Rule 22 - F-CLASS RIFLE RULES will apply for them.

Awards: No awards, but results for the match will be posted on the club website, grouped by Rifles: Prone and F-Open, F-TR, F-Club.
